CITY OF SPOKANE COMMUNITY COURT

The Court Team: The foundation of Community Court is a collaboration of court and social service professionals, dedicated to helping participants reach practical and targeted solutions.

Areas Served: The program is focused on addressing quality of life crimes in the downtown corridor.

"Community courts are neighborhood-focused courts that attempt to harness the power of the justice system to address local problems. They strive to engage outside stakeholders such as residents, merchants, churches, and schools in new ways in an effort to bolster public trust in justice.

And they test new approaches to reduce both crime and incarceration."

– Center for Court Innovation
